

COLLEGE OF EDUCATION SCHOLARSHIPS

TRANSFORMING EDUCATION, IMPROVING LIVES.

Student by student, person by person, Clemson University's College of Education is building communities of success – with higher paying jobs, better overall health, less crime and a deeper appreciation for diversity. Our college, our students, our schools and our communities are working together to transform education and the lives of the learners in South Carolina and beyond.

The College of Education is the state's innovative leader in systematically improving education. We educate teachers, counselors, and school, district and athletics leaders; prepare counselors for community practice; instruct higher education student affairs leaders; and prepare training and development specialists for business and industry. But that's not all we do.

WE ENGAGE TOMORROW'S EDUCATORS AND LEADERS IN RESEARCH AND PROFESSIONAL LEARNING THAT WILL HELP THEM MAKE A DIFFERENCE IN THE WORLD.

The College of Education enhances the education and development of all students, particularly those in underserved communities. As we address complex issues in P-20 education, we see a significant role for our college in the economic development of our state and communities beyond. We embrace Clemson's land-grant mission to better the lives of South Carolina's citizens. Our mission is vital. As education improves, poverty and crime decrease and health and workforce development improve. We not only shape the lives of individuals, but we also help transform families and strengthen communities.

FUELING THE NEXT GENERATION

It all begins with education – the key to improving lives. Clemson was built upon that belief, and we continue to honor the tradition of education today. We are providing the highest standard of education in the classroom, engaging students in creative and meaningful ways and supporting faculty in their scientific endeavors as top educators and researchers.

We are committed to offering these educational experiences to the best, brightest and most deserving students. But to do so, Clemson must find the means to attract our nation's elite high school graduates. Your support will be instrumental as the College of Education transforms education and the lives of learners.

The cost of a college education is daunting for many, which is why private scholarship funding is crucial. Scholarships are the force that will bring exceptional students to our college – both those highly recruited and those who would otherwise be left behind because of financial barriers. Clemson's high standing and flourishing national reputation is attracting record numbers of undergraduate applications. Each incoming freshman class exceeds the previous one in academic accomplishment, with average SAT scores reaching historic highs year after year. Scholarships boost Clemson's national reputation and allow us to compete with our peers and recruit the best and brightest. The student body has become increasingly diverse, and initiatives are in place to continue that trend. The ability to recruit these students has an economic ripple effect across the College of Education, Clemson University and our nation — creating a return on investment that is incalculable. We are creating the next generation of educators.

SCHOLARSHIPS ENABLE TRUE FREEDOM OF OPPORTUNITY FOR STUDENTS TO NOT JUST ATTEND CLEMSON BUT TO THRIVE HERE. WITH COMPREHENSIVE SCHOLARSHIPS, STUDENTS CAN MORE FULLY ENGAGE IN ACADEMIC EXTRACURRICULAR ACTIVITIES, TAKING ADVANTAGE OF THE BREADTH OF OPPORTUNITIES CLEMSON OFFERS.

Not only does this talent enhance the diversity of background and experience in Clemson's student body, it strengthens the Clemson brand, bolsters the high-achieving culture we strive to foster for our students and expands the reach of our alumni network after graduation.

A strong scholarship endowment unlocks the potential of all our students — creating productive citizens who will educate the next generation. But we can't do it without your support. Your commitment to students changes their trajectories and gives them a foothold toward their future.

FUNDING THEIR FUTURE

Scholarships for students within Clemson University's College of Education will provide future generations with access to not just a college education, but a top education. Clemson's alumni, friends and supporters are the financial partners our students need as they look to fuel their competitive drive with creativity, engagement and enrichment.

Need-based funding opens doors for deserving students who would not otherwise be able to afford college, and prestigious merit-based awards attract the nation's top students. In turn, these students will contribute to the college and Clemson's academic reputation, success and impact in our state, nation and throughout the world.

We need your support. We need your conviction. We need your passionate belief in the dreams and goals and words that have brought us to where we are today. Your investment in scholarships will pave the way for future generations of Tigers. Together, we will create a better future for Clemson students. Together, we will raise the tide for our students for success at Clemson – and in life.
