

COLLEGE OF SCIENCE

SCHOLARSHIPS

LOCALLY RELEVANT. GLOBALLY IMPACTFUL.

Science drives innovation and is at the heart of the 21st century land-grant university. Clemson SCIENCE is focused on tackling tomorrow's greatest scientific challenges and preparing the next generation of leading scientists. Together, our faculty, staff and students focus on inclusive, academic, and faculty excellence, seeking transformational impact.

We understand the value of local relevance and embrace the responsibility of improving the lives of South Carolinians. As an aspiring world-class College of Science, we also understand the global impact of our work, and we prepare graduates to be leaders in an increasingly diverse and interconnected world. All students at Clemson take SCIENCE general education courses that are focused on innovative approaches to strengthen every student's educational foundation. Every Tiger comes through our doors in pursuit of their dreams.

CLEMSON SCIENCE IS FOCUSED ON STRENGTHENING THE NATIONAL PROMINENCE OF OUR SCIENTIFIC RESEARCH, ELEVATING THE SCIENCE LEARNING EXPERIENCE, AND CHALLENGING THE STATUS QUO IN EVERYTHING WE DO.

FUELING THE NEXT GENERATION

We are providing the highest standard of education in the classroom, engaging students in transformational and meaningful ways and supporting faculty in their scientific endeavors as top educators and researchers.

Your support is instrumental as Clemson's College of Science continues to nurture students who can be productive problem-solvers in the global economy.

We strive to offer these educational experiences to the best, brightest and most deserving students. But to do so, Clemson must find the means to attract our nation's elite high school graduates who are diverse, innovative and able to think critically and globally.

The cost of a college education is daunting for many, which is why private scholarship funding is crucial. Scholarships are the force that will bring exceptional students to our college – both those highly recruited and those who would otherwise be left behind because of financial barriers. Clemson's high standing and flourishing national reputation is attracting record numbers of undergraduate applications. Each incoming freshman class exceeds the previous one in academic accomplishment, with average SAT scores reaching historic highs year after year. Scholarships boost Clemson's national reputation and allow us to compete with our peers and recruit the best and brightest. The student body has become increasingly diverse, and initiatives are in place to continue that trend. The ability to recruit these students has an economic ripple effect across the College of Science, Clemson University and our nation — creating a return on investment that is incalculable.

SCHOLARSHIPS ENABLE TRUE FREEDOM OF OPPORTUNITY FOR STUDENTS TO NOT JUST ATTEND CLEMSON BUT TO THRIVE HERE. WITH COMPREHENSIVE SCHOLARSHIPS, STUDENTS CAN MORE FULLY ENGAGE IN ACADEMIC EXTRACURRICULAR ACTIVITIES, TAKING ADVANTAGE OF THE BREADTH OF OPPORTUNITIES CLEMSON OFFERS.

Not only does this talent enhance the diversity of background and experience in Clemson's student body, it strengthens the Clemson brand, bolsters the high-achieving culture we strive to foster for our students and expands the reach of our alumni network after graduation.

A strong scholarship endowment unlocks the potential of all our students — creating productive citizens who will become the next generation of scientific leaders. But we can't do it without your support. Your commitment to our students transforms their trajectories and gives them a foothold toward their future.

FUNDING THEIR FUTURE

Scholarships for students within Clemson University's College of Science will provide future generations with access to not just a college education, but a top education, preparing them to be locally relevant and globally impactful in the workforce. Clemson's alumni, friends and supporters are the financial partners our students need as they look to fuel their competitive drive through discovery, engagement and enrichment.

Need-based funding opens doors for deserving students who would not otherwise be able to afford college, and prestigious merit-based awards attract the nation's top students. In turn, these students will contribute to the college and Clemson's academic reputation, success and impact in our state, nation and throughout the world.

We need your support. We need your conviction. We need your passionate belief in the dreams and goals and words that have brought us to where we are today. Your investment in scholarships will pave the way for future generations of Tigers. Together, we will create a better future for Clemson students. Together, we will raise the tide for our students for success at Clemson – and in life – as they prepare to tackle tomorrow's greatest scientific challenges.

IMPACT STUDENTS LIKE JENNIFER

"THESE SCHOLARSHIPS ARE THE REASON I WAS ABLE TO AFFORD TO COME TO CLEMSON, SO THEY MEAN EVERYTHING TO ME. I HAVE GROWN SO MUCH AS A PERSON AFTER JUST ONE YEAR HERE THAT I CAN'T IMAGINE WHAT MY LIFE WOULD BE LIKE WITHOUT CLEMSON."
